Sri Eshwar College of Engineering	B.E (ECE)	CGPA 7.1(till 7th Semester)	2023-2027
United Public School	HSC	78%	2021-2023
United Public School	SSLC		2020-2021

INTERNSHIPS

RV Tech Learn - MERN

2025

Built scalable and dynamic web applications using the MERN stack, with a focus on intuitive UI/UX and real-time data handling. Gained hands-on experience in full-stack development and cloud service integration.

PROJECTS

Automated Diagnostic Stand for Vital Sign Monitoring

2025

Developed an automated healthcare monitoring system that measures 6 vitals parameters (temperature, pulse rate, SpO₂, height, weight, and BMI) in a less than 60 seconds using integrated sensors and a MERN-based software platform.

Tech Stack: ESP32, Integrated Sensors, Firebase, React.js

Hustle Buddy

2024

Developed a freelance booking app using FlutterFlow and Firebase, designed to connect clients with skilled freelancers. Integrated features such as real-time booking, secure payment processing, user profiles, rating and review systems, search filters, and in-app chat.

Tech Stack: FlutterFlow, Firebase

2026

IoT and Edge AI-Based Underwater Biodiversity Threat Detection and Water Quality Monitoring System

Developed an IoT and Edge AI-based underwater environmental monitoring system using ESP32 to measure water quality parameters such as pH, turbidity, temperature, and pressure. Implemented machine learning models and a real-time dashboard to classify water conditions and detect environmental threats from industrial pollution and leakage.

SKILLS

Languages - Java | C | Python

Database - SQL, MongoDB, Firebase, AWS

Softskills - Communication , Leadership , Team management , Problem solving , Critical Thinking

Tools - VS Code, Github, Git, Insomnia, Postman, Canva, Figma, Excel, Powerpoint

CERTIFICATIONS

Introduction to Front End Development | **Simplilearn**

2025

Full-Stack Development 101 | **Simplilearn**

2025

Learn Java Programming-Beginner to Master | **Udemy**

2024

Mastering Data Structures and Algorithms using C and C++ | **Udemy**

2024

Introduction to Industry 4.0 and Industrial Internet of Things | **Nptel**

2026

ACHIEVEMENTS

Second RunnerUp in Freshathon (Project Expo)

2024

Dr. Kalam Young Achiever Awards

2025

Coding Carnival | Runner up

2025
